Jenina dela Cruz

I am an aspiring web developer. I joined EdX's Full Stack Web Development Bootcamp in January 2024 to start the journey. It was a great experience and deepened my interest in coding.

Manteca, California, United States

Summary

Hello! Visit my profile at <https://bucolic-muffin-3cdda2.netlify.app/>

Experience

Medline Industries, LP

Team Lead

September 2018 - Present (5 years 11 months)

Lathrop, California, United States

I currently work as a Team lead in a Medline Warehouse. I started as a housekeeper on September 2018, moved to a production department, became a trainer and went for lead. Medline is a great place to work, I love the culture and what we do in general. It is nice to be part of a company that is doing something huge for community and to the world.

Walmart

Retail Department Manager

July 2013 - December 2019 (6 years 6 months)

San Ramon, California, United States

I started working at Walmart Mountain View in July 2013 as my first job in the country. I was a cashier then moved to pharmacy salesfloor associate. Later then moved to new neighborhood market in Santa Clara as an overnight stocker. After about a year, I became a department manager in dry grocery. In 2017, I moved to Walmart San Ramon as department manager in grocery then dairy. Later then became part of Online Grocery Pick up. I moved to Tracy Walmart when they have an opening as an SFS(ship from store) associate. I loved working at Walmart, it was a great experience and met a lot of nice people.

Education

edX

Full Stack Web Development · (January 2024 - July 2024)

Columban College - Olongapo City

UnderGrad, Secondary Education and Teaching · (June 2009 - May 2013)
